Holy Week: 'Crucifixion'

"CRUCIFIXION" TO BE PRESENTED AT ROCH.

After four years of successfully presenting the "Passover", the attendance of which grew to an estimated 375 persons, the Rev. Edward F. White announces that a new production will be offered this Holy Week at the First Congregational Church, Rochester Center.

The "Crucifixion" will reveal what might have happened the day after the event took place. Special sound effects and lighting, the pastor explains, will add much to the novel idea. Special music by the choir will be under the direction of Mrs. William Warburton, organist.

The inspiring program begins at 7:30 P.M. Wednesday and Thursday, April 18 and 19. The public is invited and a free-will offering will be taken.

POPS IN JUNE

Using last year's experience as a launching pad, ticket sales have taken off with an unbelievable burst of speed for the June 16 POPS concert at Tabor Academy by John Pandolfi and the Regional Symphonic Band.

Under the sponsorship of the Tri-County Music Association, the program features "extras" in the style of the Boston POPS and spotlights several of the band's magnificent musicians.

Concert chairman Charles W. Ganzel, Jr. reports that more than half of the limited number of tickets have been sold and urges everyone who is interested to get in their orders early. Tickets and table reservations are available from Ganzel and Mrs. Philip Murray in Mattapoisett; Mrs. A. Barton Cummins in Rochester; Mrs. Robert R. Thackeray in Marion and Mrs. Leo L. Health Council for Seniors

SENIOR CITIZENS OF MARION

Tuesday, May 8th, the Visiting Nurse Association of Marion will open a health-counseling service under the auspices of the Marion Council on Aging, in the room across from the Drop-In Center in the Congregational Community Center, from 2:00 to 4:00 P.M. Thereafter, the date for this service will be the second Tuesday of the month with the possible exception of July and August.

This is a health-counseling service, provided for all Senior Citizens of Marion. Individual appointments will understandably be limited to 15 minutes, but Mrs. Lionel Sequeira believes that gradually a great deal may be accomplished by group counseling on such subjects as nutrition needs for the later years, advice about diabetic or low sodium diets, advice on how to live with yourself after a heart attack, and what to tell a doctor.

Individual consultations might be on the interpretation of Medicare material; how to apply for supplemental income; the needs of an older person in the household.

A person not regularly under a doctor's care will be able to discuss symptoms and receive advice about the type of medical help needed. Blood pressure cannot be checked except for those referred by a doctor.

It is impossible to phone Mrs. Sequeira in the daytime. At other hours she may be reached at 748-0305.

The Marion Council on Aging will sponsor a trip to the Heritage Plantation sometime after May 15th when the rhododendron will be in bloom.

COUPLES CLUB ANNUAL MEETING

The Mattapoisett Congregational Church Couples Club will hold its annual meeting on Saturday, April 21st, at 7 P.M.

A brief business meeting will follow the dinner which will include the election of new officers for the coming year.

Senior Citizens

The Senior Citizens' Club of Mattapoisett held a business meeting Monday, April 9th, at the American Legion Hall. The meeting was presided over by the vice-president, William Huggard, in the absence of the president, Mrs. Sophie Sterling.

There was a very large attendance. Mr. Charles Adams, a club member and also chairman of the Council on Aging, spoke a few words. He signed Identification Cards and stated that he has made arrangements with the Town Clerk Lois Ennis to issue them.

The main event of this meeting was Mr. Karl Wagner with his talk on meat. It was interesting, enlightening and educational. Being well qualified, he covered every phase of meat, sanitation, sterilization to the gourmet. Everyone should hear him and the club hopes to hear him again. Not everyone shops for meat, not everyone cooks meat, but everybody eats meat. One important fact he made, which is a credit to the staff of the cafeteria at Old Hammondtown School, is that he has visited the kitchen and stated that the quality, preparation, handling and serving meets the very highest standards, and it is too bad that more senior citizens are not taking advantage of the privilege of the hot meals there.

There is a job opportunity for handyman part-time at the Mattapoisett Inn.

The plans for the Arts, Crafts, Hobby Show and Flea Market to be held Sunday, May 6th, from 1 to 6 P.M. at the K of C Hall are shaping up very well. Anyone desiring space may apply by mail to the chairman, Mrs. Gloria Rounds, P. O. Box 735, Mattapoisett, stating your crafts or hobby and telephone number. With small items one may apply for half a table. Senior Club members absorb space first but would like to give opportunity to others to display and sell, if possible, and make this a grand affair.

The Bucks Start Here

Editorial, D.C.J.

Having read a condemnation of Town meeting government this week, I am compelled to defend the democratic system.

For to condemn the Town meeting is to say that people are not capable of self-government. Town meeting is the last vestige of pure self-government left in this country. Like people, it has great imperfection. Like people, it has great strength. Somehow, out of the confusion, the truth emerges and the decisions are made. For the most part, these decisions stand the test of time. Self-government has survived nearly 200 years of inefficiency in this land of ours.

This can be said of Town Meeting government. In spite of the great inroads of control by the State which has put many sectors out of control of the people while at the same time requiring that local people meet the expenses, local people still manage to pay as they go. What other level of government can make that claim? While State and Federal legislatures spend money that doesn't exist, the Town Meeting members spend money that must be raised among them that year for most expenses. Even borrowing is done to be repaid in the individual's own time. It is easier to play Santa Claus with money that is borrowed from your great grandchildren who are yet to be born. When was the last time the Federal government spent only that money that they were willing to raise that year?

Town meetings are inefficient. They waste much time. They are not heavily attended. They are exhausting. All this is true. At the same time, Town Meetings balance their budget. They represent a cross section of the taxpayers whose decisions are representative of the majority. They represent the only forum where the citizen can fight "city hall" and win if he is in the right. Attendance is not composed of "white haired oldsters" or 18 year old youth but a cross section of the townspeople in which the 30 to 50 year old group of homeowners represents the majority.

Former President Harry Truman had a much publicized plaque on his desk - "The Buck Stops Here". He meant the buck you pass. If town meeting members were to rate a plaque it should read, "The Bucks Start Here". The people who earn them allot them with care.

Sippican Seniors

The entertainment program for the April meeting of the Sippican Seniors was provided by eight principal characters from the recent musical hit at Old Rochester Regional High School, "Once Upon a Mattress". Mrs. Nancylee Gaucher, director, gave the explanations necessary for understanding isolated best moments of the play, and Mrs. Helen Tibbets, pianist, accompanied the singers. The troupers received very enthusiastic applause.

Sewer Answer

The following statement by Mr. Richard Macomber, Town Planner, will answer some important points in the very complex problem that faces Mattapoisett citizens who are pondering the wisest course for the Town to take toward the elimination of water pollution in Mattapoisett harbor. We thank Mr. Macomber for this analysis of the situation both present and for the foreseeable future. D.C.J.

LETTER TO THE EDITOR

I would like to reply to some interesting questions on the proposed sewer system that were raised by your editorial in the April 11 edition of the Presto Press.

First, you state that Massachusetts authorities would not allow the discharge of sewage effluent into Mattapoisett waters even if the

discharge were 100% pure. This is a little misleading and I apologize if we failed to explain it fully. The position taken by Water Pollution Control is that 99% pure discharge would be satisfactory if it could be guaranteed that treatment would never drop below that level. Although treatment plants are available that produce a 99% pure discharge most of the time, none of them are considered reliable enough by Water Pollution Control to discharge into Mattapoisett waters because the level of treatment drops to 90% or less during those hours of the day when a change occurs in the rate of flow into the treatment plant.

Secondly, regarding enforcement of discharge laws, the state does intend to apply legal notice to both Mattapoisett and Fairhaven to halt sewage discharge, but before that happens further testing must be carried out in East Fairhaven. Of more immediate concern to Mattapoisett is the Environmental Protection Agency (EPA) which is now responsible at the federal level for eliminating municipal sewage discharge. This is the agency that is setting the July, 1977 deadline for compliance, and preliminary forms will be received by the Selectmen within the

next two weeks, according to EPA. Whether or not Fairhaven will also have to comply with the EPA's July, 1977 deadline depends on the volume of discharge from East Fairhaven.

The real question raised by your editorial is: Can Fairhaven, in partnership with Mattapoisett, legally discharge 90% pure effluent into New Bedford harbor when this same discharge would not be allowed in Mattapoisett Harbor? The answer for now and for the next 15 years, according to Water Pollution Control, is "yes".

The reason for this double standard is that all coastal and marine waters in Massachusetts are divided into three categories according to use. The waters of Mattapoisett have the highest classification, "SA", are considered suitable for any high-quality water use, and are approved for shellfish areas. New Bedford harbor, on the other hand, is class "SC" which is not suitable for shellfish and is not suitable for swimming.

Since the law allows the discharging of 90% pure effluent into class "SC" water and not into class "SA" water, we find that what is legal for New Bedford harbor is illegal for Mattapoisett harbor. Considering that New Bedford harbor will always be used for industry while Mattapoisett hopefully will always be used for shellfish and recreation purposes, these classifications do appear to make sense.

Water Pollution Control does admit that some change will eventually have to be made on the part of Fairhaven but they estimate that this change will not have to be made until 15 years from now, by which time $30 million to $40 million will have been spent to clean up the industrial discharge from the other side of the harbor. However, both New Bedford officials and Water Pollution Control unanimously agree that this change will not involve a hookup to the New Bedford outfall, and they say it appears unlikely that Fairhaven would be asked to construct an outfall. The consensus seems to be that 15 years from now Fairhaven will simply increase its level of treatment above 90% and continue to discharge into New Bedford harbor.

The Juniors were much interested in this project and voted to enter the program. This project will create a lot of work but will be worthwhile.

Karen Barrows, sunshine chairman, and her committee will meet and will work on Easter favors for the nursing home.

Lecturer Mary Beth Breton conducted a program of poster making on "Keep America Beautiful". Some very good posters were created. Matron Mrs. LeBaron was assisted by Mrs. Ruby Barber, Past Master Mark Breton and William Smith, with Mr. Wilson of Wareham furnishing the music.

NEW CUB PACK 55 HOLDS FIRST MEETING

The first monthly pack meeting of Cub Pack 55 was held recently at St. Anthony's Church Hall. Mr. Frank O'Driscoll, chairman, opened the meeting and introduced Cubmaster Mike Renzi, who then proceeded with the ceremonies. The Webelos were first on the program and demonstrated, in turn, activities they had been working on all month. Kevin Renzi gave a talk, with the help of a diagram he had drawn, about how electricity comes into the house; Ron Lopes did a scientific experiment with an egg and bottle called Pop In and Pop Out. James Braden demonstrated a handmade catapult used as a weapon by early Romans; William Wright displayed interesting optical illusions he had drawn; and Perry Kodis gave a talk on various types of bridges and their functions with a detailed drawing he had made. Next on the program, in keeping with the theme of the month, which was Knights of the Round Table, Den I displayed and modeled swords, shields and togas they had made with the help of their parents at home.

The highlight of the meeting came with the Award Presentation Ceremony with the following boys receiving badges: Webelos, James Braden, color badge, engineer, athlete and artist; Perry Kodis, Color Badge, scientist, engineer, athlete and artist; Ron Lopes, color badge, engineer, athlete and artist; Kevin Renzi, color badge, engineer, athlete and artist; and William Wright, color badge, engineer, scientist, athlete, artist, 1 gold arrow and 3 silver arrows; Den I, Padraic O'Driscoll, Steven Wheeler, Jeff McCra and Joseph Rose, bobcat badges; Steven Mendell, Denner Braid and Fineen O'Driscoll, Den Chief Braid.

Pinewood Derby Kits were passed out to the boys and plans were made for the Pinewood Derby to be held at the May Pack meeting. Refreshments were served and then the meeting was turned back to Mr. O'Driscoll

Cadettes in Washington

TRIP TO WASHINGTON

Mattapoisett Cadette Troop #49, under the leadership of Mrs. Wayne Walega and Mrs. George Henshaw, is enjoying a trip to Washington, D.C.

The girls have been studying the Challenge of Active Citizenship and working for the badges, "My Country" and "My Government". They visited the Town Hall where Mrs. Lois Ennis, Town Clerk, was helpful in explaining voting procedures. The girls attended Candidates' Night. After having studied the offices of Selectman, School Committee, Board of Health, Tree Warden and Wharf Commissioner by interviewing each candidate, a mock election was held.

Last fall, the first of many fund-raising projects was held to help the girls finance a trip to the nation's capital. These included: a traveling food sale, a Christmas fair, a bake sale, a Girl Scout cookie sale and a garage sale.

A thank you to: Mr. and Mrs. Thaddeus Walega (Big Three), Mr. James Dearden (A & P), Mr. and Mrs. David Todd, Jr (garage sale), Mr. Donald Grace, Con-
